- [Note] 1. In principle, enter items which fall under "Learning at Educational Institutions Other Than Universities" or "Approval of Credits Acquired Prior to Admission" as provided under Article 29 and Article 30 of the Standards for Establishment of Universities.  
However, in exceptions to the above case such as credits accepted that were earned through studies at universities both in Japan and abroad that are not covered under a credit transfer agreement, include such items on this table in the "University, Junior College, Technical College" column.
2. Credits included in the "University, Junior College, Technical College" column comprise specialized courses taken at universities, junior colleges and technical colleges. Credits included in the "Other" column comprise (1) specialized courses at a university, (2) technical college courses (recognized as being of a level equivalent to university level education), (3) specialized vocational school courses (vocational schools with courses two years or longer in length) (courses recognized as being of a level equivalent to university level education), (4) certified courses and open courses compliant with the Teacher's License Act (courses held at a university recognized as being of a level equivalent to university level education), and (5) social education supervisor courses (courses held at a university recognized as being of a level equivalent to university level education).
3. Record the results from fiscal year 2010.
4. Do not include transfer students here.

- [Note: KG] 1. Because students select their department from the second year of their studies at the School of Policy Studies, enter "Before selecting a department" for students that have not yet selected a department.
2. Up until fiscal year 2009, the following courses were included: medium-term overseas English study programs such as Intensive English in Canada, credits earned through medium term overseas French study programs, Indonesia Exchange Seminar, the Oxford University Joint Seminar, Chinese and Korean studies courses, overseas social experience seminars, United Nations seminars, United Nations student volunteer seminars, United Nations student volunteer subject research, and the General Japan Studies Course. From fiscal year 2010, these courses are not included as they have been incorporated into the curriculum.
