[Note] 1. Enter numbers in blank columns. Shaded columns contain formulas.

2. In "A/B," "Ratio of Enrollment to Total Enrollment of Department in 2012 (%)" and "Ratio of Enrollment to Total Enrollment of School in 2012 (%)" columns, round values to the second decimal place.
3. Enter the numbers of students by entrance examination types for each department/school, master's course, doctoral course, professional graduate school and degree course.
4. Examination types shall be classified according to the actual conditions of the university. However, the General Entrance Examination shall include the National Center Test. Admissions for transfer students do not need to be recorded.
5. If there are several admissions to several semesters such as spring and fall semesters in one academic year, create a table for every semester.
6. If there are sub-departments or courses under a department and admission quotas are decided by each sub-department or course, create a table for every sub-department or course.
7. Do not include exchange students in international students admitted through an entrance screening.
8. If the number of the quota is not determined, enter "0."
9. If admission to law school is not divided into that for neophyte students and for students who have learned law, enter the combined values.
