授業目的/Course Purpose	<p>Course title: Labour Mobility and Population Imbalance in the EU You will learn about the (social, economic & fiscal) benefits of labour mobility in the EU, and learn why too high levels of mobility and emigration could also pose a risk. We will use examples from different EU countries, including Germany, Italy, Bulgaria, Latvia and Rumania to learn why people move to another (EU) country, thereby understanding different societies, their labour markets, and their long-term problems.</p> <p>This course hopes to provide a deeper understanding of migration and labour mobility in the EU. In order to better understand the development in the EU, we will also look at migration to Japan as well as Japan's shrinking rural population.</p>
